Large Number of Democrats in Johnston County Arrested.

THE WORK OF REPUBLICANS.

Plan to Throw Out Vote of the County at the November Congressional Election—Intense and Bitter Indignation Aroused—Fruit Shippers Association to be Organized—Death of John Ernest Niemeyer, Jr.—Approaching Marriage at Winston—Marriage Licenses Issued.

Raleigh, N. C., Oct. 16.—News has been received here to the effect that a large number of the most prominent Democrats in Johnston county have been arrested and taken before United States Commissioner Parker, who is also the Republican county chairman, and bound over to the Federal Court on a charge of intimidating voters in the last election.

Among those upon whom papers have been served by the United States Marshal are lawyers, ex-members of the Legislature, county officers and prominent political speakers.

Already several attorneys have volunteered their services to defend these men, and the indignation manifested in the community over the institution of such suits is intense and bitter.

Parker is the man who had the military called out during the recent campaign to protect him when he tried to break up a Democratic speaking and failed.

It is believed that these suits are instituted by the Republicans for the purpose of making an attempt to throw out Johnston's vote in the November Congressional election, if it is found that by so doing they can get up a contest for Pou's seat.

OF INTEREST TO FRUITERS.

The call for the formation of a State fruit shippers' association, recently issued by Prof. Gerald McCarthy, has met with general acceptance. The new organization of fruit growers for mutual protection is, therefore, assured. The first meeting will be held in the auditorium of the Agriculture building at 5 o'clock p. m., October 25th, 1900. Prominent fruit growers from different parts of North Carolina and other States will address the meeting.

J. E. NIEMEYER, JR., DEAD.

Mr. John Ernest Niemeyer, Jr., died at the home of his father, Mr. J. E. Niemeyer, 118 West Furwood avenue, Sunday afternoon, after an illness of four months, although he had been confined to his room less than three weeks. Mr. Niemeyer was an excellent young man, just on the threshold of life. He was 22 years, 9 months and 14 days old, but during these years he has built up a noble example of manly character, which his comrades and friends will ever cherish. Only a short time since he was with his companions in the school room and now his journey of life is over.

The entire community grieves with the father, the sister, Mrs. Edward Birdsong, and the three younger brothers in the affliction that they have sustained.

GREENVILLE.

AN ACCIDENT TO A TOBACCO FACTORY.

Greenville, N. C., Oct. 16.—Late Saturday afternoon three floors in the leaf tobacco factory of Roberts & Ficklen fell in. It was caused by the heavy weight of the immense stock of tobacco they had on hand. The lower floor was only about two feet above the ground so that the floors could not fall far, and possibly this prevented a total collapse of the building. There were about 200 hands at work in the building at the time, but fortunately not one of them was injured in any way, all succeeding in getting out safely.

This is the third accident to the same building. When it was being built and the frame of five stories was up, a hard wind razed it to the ground. A few years later it was badly damaged by a storm and came being ruined. Now three of the floors have fallen through and the entire structure twisted out of shape. It is believed the house will have to be torn down and rebuilt.

MORE ABOUT KINSAULS.

MANY PERSONS BELIEVE HE IS STILL ALIVE. (Wilmington Star.)

The man who makes a visit up the Wilmington and Weldon railroad these days and doesn't bring fresh corroboration of the story of Kinsauls' resurrection after the hanging at Clinton several weeks ago, is immediately put down as one recreant to his duty and altogether disappointing.

One man who saw the execution at Clinton came down yesterday and said the story of resurrection was all "boosh"; another said he saw the execution, and as soon as the murderer was cut down he was hurried away and placed in an adjoining room by physicians and friends; he even went so far as to say that they took the coffin and ran with it. Still another man said that soon after the execution Kinsauls' wife was seen by him in Richmond, he knew it was she for he contributed to the fund which she was raising here for attorneys' fees for her husband. And thus the story goes.

A party of lawyers were discussing the matter night before last of whether Kinsauls could be hanged again in the event he had really been snatched from death after being pronounced dead by the physicians called in by the county officials. There was a difference of opinion. "It would be a nice point at law," one of them said, "and I would advise Kinsauls to remain in Richmond, or go further, if he is really on earth yet."
